PUBLIC RELATIONS

PR Manager Miss N Museba

The year 2022 has been a challenging year in many aspects with the coming of the pandemic causing a lot of chaos and

uncertainty.

Our livelihoods had changed but with the grace of the Lord and the unwavering support of all the other players worldwide it was bearable.

Regardless of all that as Moonlight we have soldiered on upto date and we have also acquired a number of achievements regardless.

It is with great regret and sorrow that we also lost some of our workmates along the way in March. But as we get to the end of this year we urge each and everyone of us to keep the positive mentality and keep the Moonlight flag flying high.

Let`s keep the focus and be safe as well on the roads this festive season so that we preserve lives.

Thank you and have a blessed festive period and a prosperous 2023.

Corporate Social Responsibility is Our Mandate

We all co-exist in one environment and we must be responsible for keeping it habitable and safe. Living in a constantly changing world it is of strategic importance to make sure that our surroundings are in a healthy state because new diseases and conditions are coming up as we noticed in the previous years with emergence of Covid – 19. Thus on the 5th of March 2022 the Moonlight Funeral Assurance staff conducted a clean-up campaign in the surrounding areas in Harare.

Manager, Miss Nowae Museba, on the day of the campaign she said that the environment surrounding us is equally important.

“We must be socially responsible for our environment and that also creates a strong social capital even with our neighbours and stakeholders collectively.”

The month of October is a very important month to both women & men as breast cancer knows no gender. Cancer awareness is the key to early detection & better health-seeking behaviour. Poor awareness may lead to poor uptake of screening modalities & delay in diagnosis. Health professionals have advised that early detection saves lives.

Daniel Sigauke
Moonlight Group Underwriting Manager

"Choose your battles wisely. After all, life isn't measured by how many times you stood up to fight. It's not winning battles that makes you happy, but it's how many times you turned away and chose to look into a better direction. Life is too short to spend it on warring. Fight only the most, most, most important ones, let the rest go."

Moonlight Funeral Assurance Celebrates Women`s Day 2022

Women have the ultimate power to change the world and it is evident especially nowadays in the advent of inequalities and injustices where women rise up and transform not only their own lives but the entire community.

March 2022, in light of the International Women`s Day month, the organization highlighted the power of women and also gave them opportunities to get involved in activities that help them get inspired by change-makers. The organization honored all the women

and stakeholders linked to them by presenting gift tokens. Asked to comment on this wonderful gesture one of the ladies present had the following to say:

“Each of us can make a difference, in big and small ways. Only by listening to women and recognizing their enormous potential can we live up to our global responsibility to build a more peaceful and equal world.”
With every positive action, with every kind word shared, we can make a difference.

The organization engaged its employees in a fitness and wellness program in April and it was a success as colleagues supported it in their numbers. As the popular saying goes, all work and no play makes john dull, for real the staff need those kind of edutainment where they get to relax, exercise and learn new things.

Working out at work has proven to increase energy, productivity and creativity while reducing stress.

Fitness creates less stress and workplace wellness programs teaches employees on how to feel better on the job both mentally and physically. Exercises encourages goal achievement as fitness programs

Student Group Funeral Cover

Running with the notion that the youths are the leaders of tomorrow Moonlight has stepped up its game and embarked

on supporting tertiary institutions. This new policy aims to cover students from primary, secondary and tertiary institutions.

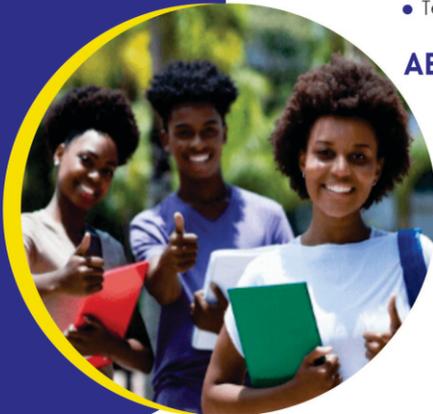

Moonlight Funeral Assurance

Students Group Funeral Cover

TARGET

- Tertiary Institutions

ABOUT THE FUNERAL COVER

- The policy is a group funeral scheme.
- Low Premiums to reflect the low mortality experience of students.
- All students are eligible to join the scheme and there are no age restrictions.
- A single premium is payable at the start of each school term / university semester and this will cover the student for that school term or semester including holidays.
- There is no medical underwriting.
- There is no waiting period (cover commences after receipt of the premium for the current school term.)
- When a policy lapses, all premiums paid will be forfeited to Moonlight Funeral Assurance.
- The product is for group funeral cover and does not have a maturity or surrender value.

This came in at the right time as we witnessed the untimely passing on of Sean Chimusiye (13) years who was struck by lightning while playing at school, and as part of the student policy Moonlight provided support at the funeral and community as part of its social responsibility.
